

1

Read the nutrition information, pick out an item such as niacin, and then together you can investigate what this is.

2

Open out the cereal box and lay it down, blank side up. Write a story together on the blank space, taking it in turns to do a couple of sentences each.

4

Rebrand the cereal box with your child. Challenge them to create a new logo and design for the front cover, and persuasive writing for the back.

3

Make self-portraits using individual pieces of cereal.
